**Release Date:** 6/29/2015

Blauparts would like to announce our oil change kit options for the Audi S7 4.0T V8 Models.

Keep your Audi S7 oil change maintenance up to date with our German Audi 4.0T oil change kits. Our oil change kits feature German Ravenol oils with formal factory approvals and Mahle Original / Genuine oil filters.

We offer two different motor oil options for our 4.0T Audi S7 oil change kits. The 5w40 kit offers a high-quality full-synthetic Ravenol VMO with formal Audi/VW 502 00 motor oil approvals as required for the 4.0T engines in the Audi S7. The 5w30 kit offers a quality Ravenol HPS semi-synthetic for the more cost conscious individual, while yet maintaining Audi/VW 502 00 oil specifications as required for the Audi 4.0T engine. Both motor oils meet extended oil change intervals according to the manufacturers recommendations and feature Ravenols CleanSynto Technology.

Ravenol CleanSynto Technology is designed specifically for modern engines. Ravenol CleanSynto Technology has proven to clean and keep internal engine components cleaner, maximize engine durability, reduce maintenance costs, improve fuel mileage, and reduce engine emissions. Ravenol oils also feature formal factory approvals. Mahle is an Official O.E. oil filter manufacturer and has been supplying oil filters to the German automakers for years. Since the late 1920s Mahle has set the standard in filtration as Germanys premier automotive filter manufacturer. Mahle's continuous engineering and innovation is driven by performance. Mahle oil filters use the latest generation in oil filter designs and state-of-the-art oil filter materials.

We wish to thank our loyal customers for their continued support! For over 25 years Blauparts vision has been to provide the highest quality products along with the best customer service! We feel our Audi oil change kits are an excellent reflection of our company values and of the quality Audi automobiles should be serviced with. Please feel free to contact us with any questions you may have on our oil change kits.
