Blauparts would like to announce our NEW Audi S6 Transmission Fluid and Filter Change Kit for the 7 Speed S-Tronic 0B5 Type Transmission.

Changing your Audi S6 transmission fluid and filter is one simple step in helping extend the life of your transmission. We have assembled all the necessary parts you will need to allow for an easy solution to a Audi S6 transmission fluid and filter service. Our kits include the transmission filter, transmission pan gasket, filter sealing o-ring, drain plug sealing washer, and the appropriate DSG transmission fluid specification G 052 529 A2 for the S6 4.2L V8 7-speed DSG transmissions.

**BLAU Audi S6 Transmission Fluid (DSG) and Filter Change Kit Applications:**

2013-2014 Audi S6 Sedan - Quattro w/ 4.0L 8 Cylinder 32 Valve Turbocharged Engine

We wish to thank our loyal customers for their continued support! For over 25 years Blauparts vision has been to provide the highest quality products along with the best customer service! We feel our Audi transmission fluid and filter change kits are an excellent reflection of our company values and of the quality Audi automobiles should be serviced with. Please feel free to contact us with any questions you may have on our oil change kits.
