Blauparts' and our partner Ocap of Italy are pleased to make available our Audi S8 Lower Control Arm Kit for 2007-2009 S8 models. We package all the control arms and suspension parts together in a convenient kit with everything you need to replace your squeaking or noisy front Audi S8 control arms. This specific control arm kit is assembled to service the driver side of the vehicle.

Audi S8 Control Arm Kit Includes:

Qty - 1 Drivers Side Lower Control Arm - Forward Position

Qty - 1 Drivers Side Lower Control Arm - Rearmost Position

Qty - 1 Required Hardware For Ease Of Installation and Anti-seize

With 25+ years of Audi repair experience will save you time and money with our comprehensive Audi S8 control arm kits. Replacing your Audi S8 control arms one by one can cost more money in the long term. If some of the control arms are on their way out, the others aren't far behind. You will save big on installation labor costs when your technician replaces all of your control arms at one time with our convenient control arm kits.

Blauparts remains committed to our vision of supplying the highest quality products to our customers and the best customer service. Please feel free to contact us with any more questions or information on our Audi S8 control arm kits.
