

NEW PRODUCT: BMW 330i Transmission Fluid Filter Kit - E90

January 23, 2016

Everything Needed For Your BMW Transmission Fluid Service!

Subject: BMW Transmission Fluid and Filter Change Service Kit

Application: BMW 330i E90 Platform (GA6HP19Z Transmission Type)

Part Number: F2A1305-E

Release Date: 1/23/2016

Blauparts would like to announce our NEW BMW 330i and 330xi E90 Transmission Fluid (ATF) and Filter Change Kit for the 6-Speed ZF automatic transmissions.

We have assembled all the necessary parts you will need to allow for an easy solution to a BMW transmission fluid and filter service. Our kits include the transmission filter, transmission pan gasket, fill and drain plugs with seals, fluid pump with hose, assorted transmission pan hardware, and the appropriate fully synthetic BMW 83 22 0 142 516 (Shell M-1375.4) fluid specification for the BMW ZF 6-speed transmission.

Why change your BMW transmission fluid and transmission filter? Changing your BMW transmission fluid and filter is one simple step in helping extend the life of your transmission. Your BMW transmission has hundreds of moving components. Over time these internal components mesh with one another, begin to wear, and create fine metallic particles. These fine metallic particles contaminate your BMW transmission fluid and plug the transmission filter. This contamination affects your transmissions efficiency and long term performance, causing more friction and wear on transmission components. By having a regular transmission fluid and filter service interval for your BMW, you will easily extend the life of your transmission. With clean ATF and a fresh transmission filter you will be providing clean lubrication and proper filtration for your transmission. This important maintenance interval will support a long lasting well lubricated and protected transmission, minimizing chances of costly transmission repairs and problems.

BLAU BMW Transmission Fluid and Filter Service Kit Applications:

2006 BMW 330i - 3.0L I6 Automatic Transmission Fluid Filter Kit (E90 Chassis) w/ GA6HP19Z Automatic Transmission

2006 BMW 330xi - 3.0L I6 Automatic Transmission Fluid Filter Kit (E90 Chassis) w/ GA6HP19Z Automatic Transmission

We hope our BMW transmission fluid and filter change kits will allow for an easier service of your transmission. We wish to thank all our customers for their continued support! Feel free to contact us with any questions on our transmission fluid and filter change kits.
