Blauparts is pleased to offer front Audi S7 brake pads from Textar!

Textar is an Official O.E. brake pad supplier and has been supplying European automakers for almost one hundred years. Textar brake pads have been a constant feature throughout the history of the automotive industry, from the very first production vehicles to the newest cars in today's market. With a continuous process of learning, focusing on quality, safety, and superior braking comfort. Textar is at the forefront of brake pad technology.

These Audi S7 brake pads are a great O.E. brake pad replacement. They offer euro spec ECE-R-90 approvals, great street performance characteristics, excellent brake pedal feel, lower dust, and no squeal.

Blauparts vision is to provide the highest quality product along with the best customer service to our customers! Please feel free to contact us with any questions on our brake pads. We wish to thank all our customers for their continued support!
