Blauparts is pleased to announce our oil change kit options for the Mercedes Benz CLA45 AMG!

Keep your Mercedes Benz CLA45 AMG oil change maintenance and service up to date with our German oil change kits. Our CLA45 AMG Mercedes Benz oil change kits feature premium German RAVENOL oils and O.E.M Hengst oil filters. RAVENOL oils are crafted in Germany and feature their legendary CleanSynto Technology. RAVENOL CleanSynto Technology has proven to clean and keep internal engine components cleaner, maximize engine durability, reduce maintenance costs, improve fuel mileage, and reduce engine emissions. RAVENOL oils also feature formal factory approvals direct from Mercedes Benz. Hengst is an Official O.E. oil filter manufacturer and has been supplying oil filters to the German automakers for years. Take comfort in knowing your Mercedes engine is getting the proper oil filtration.

We offer two Mercedes CLA45 AMG oil change kit options. The difference between the two oil change kits is the oil viscosity of 0W-40 and 5W-40. This allows customers the option to choose an oil viscosity depending upon personal preference or weather climate. Both RAVENOL VST 5W-40 and SSL 0W-40 have formal factory approval from Mercedes Benz for the oil quality standard of MB 229.5 and is designed according to Mercedes Benz engine oil requirements, standards, and interval recommendations.

For over 27 years Blauparts vision has been to provide our customers with the highest quality products along with the best customer service! We feel our Mercedes Benz oil change kits for the CLA45 AMG are an excellent reflection of our company values and of the quality your Mercedes Benz should be serviced with. Please feel free to contact us with any questions you may have on our oil change kits or feel free to visit our website. We wish to thank our customers for their continued support!
