Blauparts is pleased to offer Official O.E. Genuine Audi A6 oil filters for the 3.0T engine! Take comfort in knowing your Audi A6 engine is getting the proper oil filtration. Each Genuine Audi oil filter is built for an exact engine application and intended oil change interval. Audi Genuine oil filters use the latest generation in oil filter designs and filtration media. All of this results in the guaranteed long lasting health and performance of your Audi.

The oil filter is the key to your engines performance, cleanliness, and longevity. The oil filter cleans the engine oil of dirt, dust, soot, metal particles, and contaminants allowing for clean engine oil circulation.

For over 27 years Blauparts vision has been to provide our customers with the highest quality products along with the best customer service! We feel our 3.0T Audi A6 oil filter options are an excellent reflection of our company values and of the quality your Audi should be serviced with. Please feel free to contact us with any questions you may have on our oil filters or feel free to visit our website. We wish to thank our customers for their continued support!
