

NEW PRODUCT: Engine Oil Cleaning and Flushing Treatment

September 29, 2016

New German RAVENOL Engine Oil System Cleaning and Flushing Treatment!

Subject: RAVENOL Engine Oil Cleaning and Flushing Treatment

Application: All Gasoline and Diesel Engines

Part Number: J8A0101-400

Release Date: 9/26/2016

Blauparts is pleased to have available the RAVENOL engine cleaner from Germany!

Keep your engine free of sludge deposits by using RAVENOL engine cleaner. Many engines over time develop sludge and soot deposits due to poor scheduled oil change maintenance and poor quality engine oils. Add a bottle of RAVENOL Professional Engine Clean to your engine just before your next oil change and reduce the chances of costly engine repairs.

RAVENOL Professional Engine Cleaner is an active engine oil sludge and deposit cleaner concentrate for all gasoline and diesel engines (with and without catalytic converters). RAVENOL Professional Engine Cleaner cleans and rinses the entire engines oil lubrication system. RAVENOL Professional Engine Cleaner effectively breaks down dirt accumulation and sludge deposits in the engine compartment using intensive-cleaning detergents and removes these effectively when draining used oil.

Application Notes:

RAVENOL Professional Engine Cleaner is added to warm motor oil. Use in cases of suspected oil sludge deposits, tappet and lifter noise, loss of compression in the area of the piston rings. Compatible with all types of engine oils such as mineral, semi, and full synthetic. Not to be used in motorcycles with wet clutch systems.

Areas of Application:

- If black sludge is suspected
- In the event of hydraulic tappets and lifter rattling
- In the event of delayed oil change
- loss of compression in the area of the piston rings

Instructions:

Add the contents to the warm motor oil before changing oil. Do not go below the minimum oil level. For maximum effect, allow to run for up to 10 minutes and drain. Afterward, immediately replace oil and filter. NOT for use in motorcycles with wet clutch.

We wish to thank our customers for their continued support! For over 27 years Blauparts vision has been to provide the highest quality products along with the best customer service! We feel RAVENOL lubricants are an excellent reflection of our company values and of the quality your automobile should be serviced with. Please feel free to contact us with any questions you may have on RAVENOL products.
