Release Date: 11/14/2016

Coupon Code: RALLY

Mattias Ekstrom is the new World Rallycross Champion! With his 560bhp Audi S1 EKS RX quattro, lubricated by RAVENOL RRS 5W-50, the Audi DTM driver contested the entire World Rallycross Championship season on the highest level -- defeating video king Ken Block, along with Sebastien Loeb, and Petter Solberg.

World Rallycross Championship (WRX) consists of racing on a track featuring a mix of tarmac and gravel, resulting in extremely close and thrilling racing competition.

Team EKS Powered by RAVENOL!

Team EKS consists of Sweden's Mattias Ekstrom (37) (two-time DTM-Champion) and Finland's Toomas Heikkinen (25) (Runner-up 2 in the 2014 FIA World RX). Both drivers feel a lot of thrust in these beautiful cars. The Audi S1 Rally has an impressive acceleration from 0 to 100kph in 1.9 seconds!

RAVENOL RRS 5W-50 Motor Oil

The Audi S1 EKS RX quattro is equipped with a turbocharged 560 bhp two-liter engine. RAVENOL RRS is a special oil for motor racing and delivers in the demanding conditions on the World Rallycross Championship. The special composition of this multi-viscosity oil based on a basis of esters and poly-alpha-olefins makes for an outstanding viscosity behavior, accompanied by very good dispersing characteristics.

RAVENOL LGC Protect G13 Coolant

During the ongoing engine stress or rally racing, RAVENOL LGC-Protect C13 Concentrate coolant reliably protects the engine and radiator against overheating while providing maintenance free corrosion and protection in cooling circuits.

RAVENOL Racing Gear Oil Transmission Fluid

The all-wheel-drive Audi S1 fits into the super car category and features a sequential six-speed gearbox.

Why They Chose RAVENOL?

TEAM EKS's decision to become technical partner with RAVENOL was because of their superior quality, as well as their fame throughout European motorsports.

RAVENOL oils and fluids are used by many of the world's most renowned race teams, contributing evidence to their superior quality. RAVENOL oils have been exposed to some of the most demanding and extreme race conditions. As organizer of the Audi Sport TT Cup,

quattro GmbH opted to rely on RAVENOL lubricants for the entire series. RAVENOL lubricants were compared with other brands and lubricants and were examined according to necessary specifications. RAVENOL was chosen for its superior quality. Another crucial factor: RAVENOL already carries official VW-Group approvals. RAVENOL also supplies other Audi customer teams for many years (e.g. Audi R8 LMS vehicles).

Race tracks and series that use RAVENOL include the 24 hours of Le-mans, 24 hours of Nürburgring, Hockenheimring, ADAC GT Masters, FIA F3 EUROPEAN Championship, VLN Endurance Championship, ADAC TCR Germany Touring Car Championship, and SMP F4 NEZ Championship (Abarth Engines). Race teams and cars such as the NISSAN NISMO GTR GT3, Audi R8 LMS, Lexus RC-F GT3, Opel Motorsport, Opel ADAM R2, Opel Astra TCR, Chevrolet Cruze Eurocup, and others.
